

**MacDonald Mines Exploration Ltd.**

**Management's Discussion and Analysis**

For the three and six months ended June 30, 2022 and 2021

(Expressed in Canadian Dollars)

---

*This Management's Discussion and Analysis ("MD&A") of financial position and results of operations of MacDonald Mines Exploration Ltd. ("MacDonald Mines", "MacDonald" or the "Company") has been prepared based on information available to MacDonald Mines at August 25, 2022, the date of this MD&A, and should be read in conjunction with MacDonald Mines' condensed interim unaudited financial statements and related notes for the six months ended June 30, 2022 and 2021. The condensed interim unaudited financial statements and MD&A are presented in Canadian dollars and have been prepared in accordance with International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standards Board ("IASB") applicable to the preparation of financial statements under International Accounting Standard 34, Interim Financial Reporting.*

*Readers are cautioned that this MD&A may contain forward-looking statements and that actual events may vary from management's expectations. Readers are encouraged to read the "Cautionary Statement on Forward-Looking Information" at the end of this MD&A and to consult MacDonald Mines' condensed interim unaudited financial statements and related notes for the three and six months ended June 30, 2022 and 2021, which are available on our website at [www.macdonaldmines.com](http://www.macdonaldmines.com) and under the Company's profile on SEDAR at [www.sedar.com](http://www.sedar.com).*

## **Company Overview**

---

MacDonald Mines is a publicly listed corporation trading on the TSX Venture Exchange ("TSXV") under the symbol BMK. It is involved primarily in the identification, acquisition, and advancement of mineral properties, focusing on gold exploration in Northern Ontario, Canada. The Company does not operate any mines.

MacDonald Mines' continued operations are dependent upon the Company's ability to obtain financing for the continued exploration of its mineral properties. The Company has not yet determined whether any of its mineral properties contain mineralization that is economically recoverable.

As of August 25, 2022, the Company had 3 employees and several independent contractors who provide certain professional, administrative and geological services to the Company. The independent contractors include corporations and individuals who may be officers or directors of MacDonald Mines.

The long-term business objectives of the Company are to:

- acquire mineral properties it considers prospective to strengthen its portfolio of properties;
- advance the geological knowledge of its mineral properties through successive exploration programs; and
- if deemed advantageous, continue development or dispose of its mineral properties.

The value of an exploration property is highly dependent upon the discovery of economically recoverable mineralization, the long-term preservation of the Company's ownership interest in the underlying mineral property, the ability of the Company to obtain the necessary funding to complete sufficient exploration activities on the property, and the prospects of any future profitable production therefrom, or the Company's ability to dispose of its property interests on an advantageous basis.

Risk factors considered in achieving the Company's business objectives include the risk that exploration activities may not result in the discovery of minerals or the definition of any mineral resources or reserves. Significant expenses could be required to define mineral reserves, while environmental, land title and competitive issues may prevent any mineral reserves development. Further, the Company may fail to generate adequate funding to develop mineral reserves.

The Company accepts the risks inherent to mineral exploration programs and the exposure to the cyclical nature of mineral prices. The Company relies on its management team's geological and industry expertise and engages sub-contractors to complete certain aspects of its exploration programs.

## **Recent Corporate Developments**

---

On January 17, 2022, the Company announced the appointment of Mr. Gregory Romain as President and CEO. Mr. Romain was granted 1,250,000 stock options, of which half vested immediately and half on July 17, 2022. The options allow Mr. Romain to purchase the same number of common shares of the Company at a price of \$0.05 per share for a period of five years.

On August 10, 2022, the Company announced the results of its annual meeting of shareholders held on August 9, 2022. At the Meeting, the shareholders elected Gregory Romain, Stuart Adair, Kevin Tanas, Amanda Fullerton and Steven Butler as directors of the Company, reappointed MNP LLP, Chartered Professional Accountants, as the Company's auditors, approved the continued use of the Company's stock option plan (the "Plan") as well as certain amendments to the Plan in accordance with TSXV policies and approved the consolidation of the outstanding securities of the Company on an up to one-for-ten basis with the actual exchange ratio to be determined by the Board of Directors. Effective August 10, 2022, the Company also granted 1,250,000 stock options under the Plan to a director of the Company on a pre-Consolidation basis. Each option is exercisable to purchase one common share of the Company at a price of \$0.05 per share for a period of five years from the date of grant. 50% of the options vested immediately upon grant and the remaining 50% will vest on February 9, 2023.

## Exploration

MacDonald Mines continues to advance exploration at its 100%-owned Scadding-Powerline-Jovan ("SPJ") Project (see Figure 1) located 40 km east of Sudbury, Ontario. The Company's 2019-2022 drilling program has focused on the historical Scadding Gold Mine that produced 29,000 oz of gold from 127,000 tonnes of mineralized material grading 7.2 g/t in the late 1980s. The Company successfully showed that high-grade gold mineralization continues beyond and between the historic Scadding pits in stacked and potential nose-fold mineralized corridors.

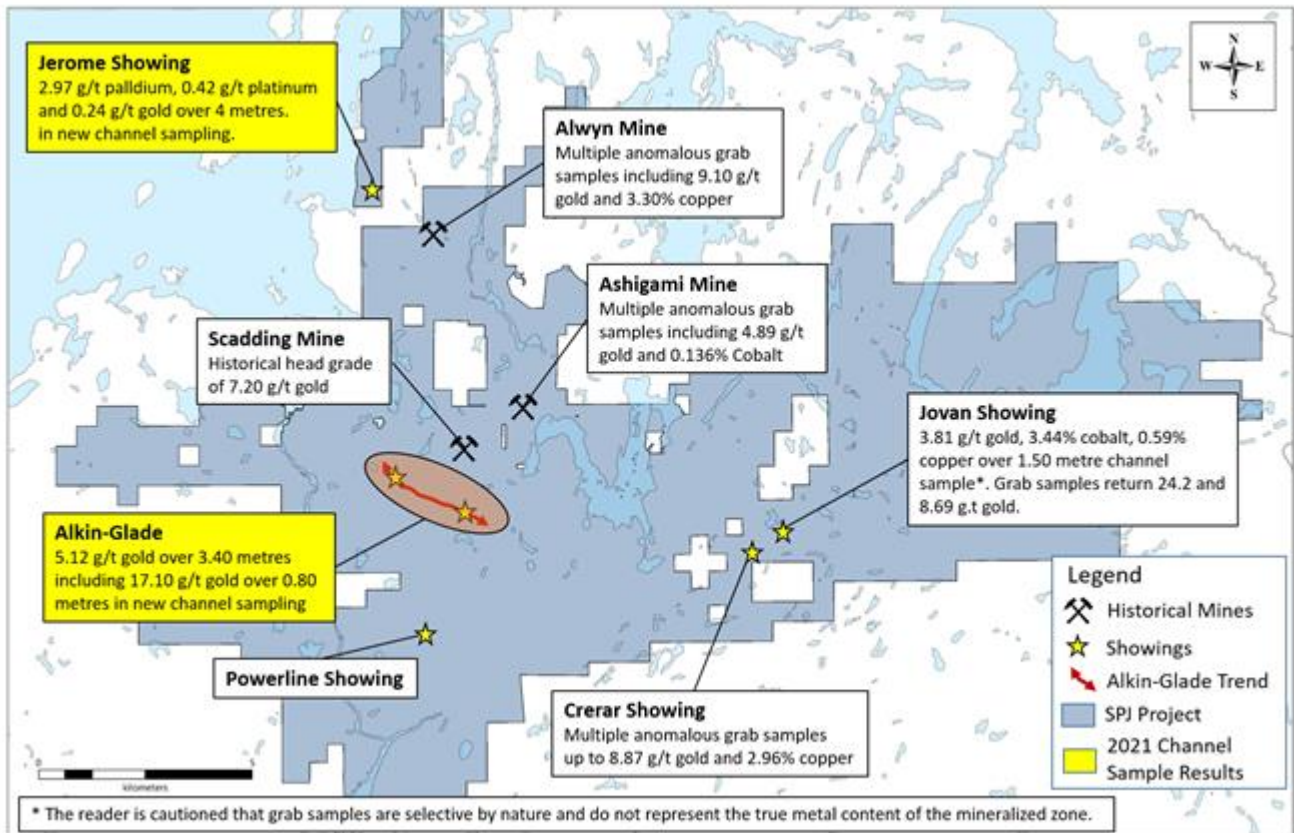

Figure 1 - SPJ Property

On May 3, 2022, the Company announced that GoldSpot Discoveries Corp. (“GoldSpot”) had completed its work on the MacDonald Mines 100% owned SPJ Project. GoldSpot was engaged to apply their proprietary machine learning applications (“AI”) and geoscience expertise to assist the Company in expanding discoveries and identifying new high-priority target areas. Highlights of the GoldSpot-Macdonald Mines collaboration were:

- 53 exploration targets were identified on the SPJ Project including five areas of high priority
- Three of the five high priority areas, Glade, Alwyn and McLeod, correspond to targets identified by the MacDonald Mines exploration team over the last year and a half for their gold (“Au”) and polymetallic potential (Figure 2)
- GoldSpot’s AI and geoscience work indicate that the Alwyn, Glade and McLeod targets could extend over strike lengths of between 1 and 3 km
- 2 new areas were identified by GoldSpot as high priority areas, namely the Scadding Trend and Pine (Figure 2)
- The Company will mobilize for an oriented drill program at Alwyn and Glade (~1,500m)

### **Phase 1 Drill Program**

During the first week of May 2022, the Company mobilized for the Phase 1 drill program of MacDonald Mines 2022 exploration program. The drill program, now completed, consisted of 693m of oriented diamond drilling at the high priority Alwyn Mine (Au-Cu) and 502m of oriented diamond drilling at the high priority Glade (Au) targets (Figure 2) with assay results still pending.

#### **Alwyn Target**

The 2021 trenching/mapping program at Alwyn Mine confirmed the presence of two significant shear zones and a dense network of Au-Cu bearing quartz-carbonate veins at surface. Historical drilling at Alwyn intercepted the same system, including 16.59 g/t Au over 1.52m and 4.46 g/t Au over 3.81m (Haultain Resources, 1983, AFRI 41110NE0154). Copper and silver assays were not reported during that historic drilling program. The reader is cautioned that the assay data is historical in nature, and the qualified person has not independently validated the accuracy of the historical results. The true width of the intersected zone of mineralization is unknown. Based on GoldSpot’s machine learning targets, the zone of Au-Cu mineralization identified at surface at the Alwyn Mine could extend over a 2.5 km long NW trend. This trend is following the major McLaren Lake Fault, historically interpreted as the primary control on Au-Cu mineralization at Alwyn Mine and the Ashigami Mine. Oriented drilling was conducted to confirm historic intercepts and to test the lateral extension of the Au-Cu mineralized system identified at the Alwyn mine.

#### **Glade Target**

New drilling at Glade will followed up on the successful drilling and trench work completed in 2021 (see news releases dated May 13th, June 15th, and July 6, 2021). Mineralization appears to follow the upper and lower contacts of a Nipissing sill with Huronian sedimentary rocks, potentially spanning a 3 km east-southeasterly trend, as indicated by GoldSpot’s targeting results. The goal of this program will be to target high grade Au mineralization down plunge from Au-bearing quartz veins hosted in the Nipissing diabase that were identified on surface and in our 2021 drilling campaign.

Figure 2: GoldSpot generated targets at the SPJ Property.

## Significant Events

---

### Capital

#### *Fiscal 2022*

On January 18, 2022, the Company issued 1,500,000 shares pursuant to the Jovan Powerline property acquisition agreement with a fair value of \$60,000.

On January 17, 2022, the Company granted 1,250,000 stock options to the Company's CEO at an exercise price of \$0.05 per common share. 50% of the options vested immediately upon grant, while the remaining 50% will vest on July 17, 2022. The fair value of the stock options granted was estimated to be \$42,791.

#### *Fiscal 2021*

On February 15, 2021, the Company entered into an agreement to acquire a 100% interest in four claims (the "Claims") located on the Jovan property. Total consideration for the purchase of the mining claims was \$150,000, of which \$75,000 was paid in cash on the signing of the agreement and \$75,000 was paid in common shares of the Company based on the previous 5-day VWAP. In total 1,071,429 common shares were issued on April 21, 2021 with a fair value of \$0.07 each.

On September 17, 2021, the Company issued 250,000 shares pursuant to the Loney property acquisition with a fair value of \$12,500.

On November 9, 2021, the Company closed the first tranche of a non-brokered private placement offering for gross proceeds of \$1,418,650.87. The Company issued a total of 18,947,797 "flow-through" units at a price of \$0.045 each and 14,150,000 non "flow-through" units at a price of \$0.04 each.

On November 15 2021, the Company closed the second tranche of a non-brokered private placement offering for gross proceeds of \$393,500. The Company issued 700,000 "flow-through" units at a price of \$0.045 each and 9,050,000 non "flow-through" units at a price of \$0.04 each.

On November 25, 2021, the Company granted 7,500,000 stock options to directors, employees, officers and consultants at an exercise price of \$0.05 per common share. These five-year options vested immediately upon grant and had a fair value of \$254,288.

## Exploration Activities and Property Acquisitions and Dispositions

---

### Scadding-Powerline-Jovan Property

The SPJ property consists of the Scadding, Powerline, Jovan, Blueberry, Loney and Golden Copper properties located east of Sudbury in Northern Ontario.

On April 24, 2019, the Company signed definitive agreements with both Northern Sphere Mining Corp. ("Northern Sphere") and Currie Rose Resources Inc. ("Currie Rose") to purchase a 100% interest in the leases comprising the Scadding Mine, as well as additional mineral claims that surround the permitted Scadding Mine site (collectively, the "Scadding Mine"). The Scadding Mine is located in Scadding Township near the Wanapitei – Ashigami Lakes district, 40 kilometres east of Sudbury, Ontario. Northgate Exploration initially mined the site in the 1980s.

To acquire Northern Sphere's 51% interest in the Scadding Mine and 100% interest in the surrounding claims, the Company:

- issued 10,000,000 of the Company's common shares upon transfer of title (the shares were issued on September 10, 2019, with a fair value of \$900,000);
- made a \$100,000 cash payment (the \$100,000 was paid on the closing of the transaction); and

- incurred \$300,000 in eligible exploration expenditures in the 12 months following the acquisition of the Scadding Mine.

To acquire Currie Rose's 49% interest in the Scadding Mine, the Company:

- issued 8,000,000 of the Company's common shares (the shares were issued on September 4, 2019, with a fair value of \$640,000);
- made a \$50,000 cash payment on transfer of title (the \$50,000 was paid on the closing of the transaction); and
- incurred \$1.5M of eligible exploration expenditures on the leases partially comprising the Scadding Mine.

As part of the agreement, Currie Rose retains a 3% Net Smelter Return ("NSR") on the property. Upon reaching commercial production, the Company agrees to pay Currie Rose \$2,000,000 to reduce the NSR to 2.5%. An additional 1% of the NSR can be bought back for \$1,000,000. 514 Finance Inc. acted as an arms-length advisor to the Company for this transaction and received 2,000,000 common shares of the Company for its services.

On July 9, 2019, the Company announced the expansion of its SPJ Property. The Company staked 14 claims and purchased an additional 130 claims from Blueberry Development. To acquire a 100% interest in the claims owned by Blueberry Development, MacDonald paid the seller \$50,000 in cash and issued 3,000,000 common shares. The deal closed on August 15, 2019 and the fair value of the common shares issued was \$150,000. On August 6, 2020, the Company made a cash payment of \$66,000 and on September 14, 2020 the Company issued 409,091 common shares with a fair value of \$45,000 in accordance with the agreement. On July 15, 2021, the Company made a cash payment of \$26,000 and paid the remaining balance owing of \$50,000 on January 11, 2022. The Company also issued 1,500,000 common shares on January 11, 2022, with a fair value of \$60,000 in accordance with the agreement. All obligations to acquire 100% interest in the claims have now been fulfilled and the claims have been transferred over to the Company.

On September 2, 2019, the Company agreed to acquire a 100% interest in 151 claims from Klondike Bay Resources (Loney Property). The claims are contiguous to MacDonald's property and cover future extensions of the gold-rich potential Iron-Oxide-Copper-Gold ("IOCG") system identified at the Scadding Mine. The consideration payable by the Company was as follows:

- \$20,000 and 200,000 common shares on the signing of the agreement;
- \$30,000 and 300,000 common shares on or before the first anniversary of the agreement; and
- \$30,000 and 250,000 common shares on or before the second anniversary of the agreement.

The Company made a cash payment of \$20,000 upon signing the definitive agreement. On November 8, 2019, the Company issued 200,000 common shares, the fair value of which was \$20,000. The 300,000 common shares due on the first anniversary of the agreement were issued on September 30, 2020, with a fair value of \$33,000, while the \$30,000 cash payment was made on November 3, 2020. The 250,000 common shares due on the second anniversary were issued on September 17, 2021 with a fair value of \$12,500, while the cash payment of \$30,000 was made on September 24, 2021.

On October 2, 2019, the Company purchased from Golden Copper Corp. a 100% interest in 38 mining claims located 35 kilometres from Sudbury, Ontario. The Company made a cash payment of \$5,000 upon signing of the definitive agreements. On November 8, 2019, the Company issued 1,875,000 common shares, the fair value of which was \$187,500.

The new claims add to MacDonald's large SPJ Property package and cover prospective extensions of the potential IOCG system identified at the Scadding Mine. The Scadding Mine produced 29,000 oz of gold from 127,000 tonnes of mineralized material grading 7.2 g/t (OFR 5771) and the large land package surrounding the mine has also yielded multiple discovery areas to explore, including significant showings of copper, cobalt, nickel and silver in addition to high-grade gold.

On February 15, 2021, the Company entered into an agreement to acquire a 100% interest in four claims located on the Jovan property. This acquisition added 36 hectares to the Company's land position. Total consideration for the purchase of the mining claims was \$150,000, of which \$75,000 was paid in cash on the signing of the agreement and \$75,000 was paid in common shares of the Company based on the previous 5-day VWAP. In total 1,071,429 common shares were issued on April 21, 2021, with a fair value of \$0.07 each.

In April of 2022, 9 mining claims were staked in both Scadding and Street townships. The claims were either within or directly adjacent to the SPJ Property.

The following table summarizes the cumulative exploration and evaluation and property acquisition expenditures the Company has incurred on its SPJ Project:

	\$
<b>Balance, December 31, 2020</b>	<b>7,386,581</b>
Exploration expenditures & property acquisition costs	2,252,049
<b>Balance, December 31, 2021</b>	<b>9,638,630</b>
Exploration expenditures & property acquisition costs	543,475
<b>Balance, June 30, 2022</b>	<b>10,182,105</b>

### **2022 Phase 1 Drill Program**

As mentioned above, during the first week in May, the Company mobilized for the Phase 1 drill program for 2022. Please see page 5 under "Exploration" for details on the drill program.

### **Results of Operations**

#### ***Second Quarter ended June 30, 2022 (Q2 2022)***

The Company realized a net loss in the second quarter of 2022 of \$635,416 (Q2 2021 - net loss \$599,966) mainly due to exploration activities and salaries, professional and consulting fees during the three months ended June 30, 2022.

The Company incurred \$346,505 in exploration expenditures in Q2 2022 (Q2 2021 - \$434,492) comprising exploration activity expenditures on the SPJ property. The Company's spending on exploration activities tends to fluctuate based on the availability of flow-through financing during the year.

Salaries, professional and consulting fees for the second quarter of 2022 were \$86,936 (Q2 2021 - \$108,625). The decrease in 2022 is due to timing of certain legal and regulatory activities compared to the prior year comparable period.

Shareholder communication expenses in the current quarter increased to \$86,775 (Q2 2021 - \$74,485) which included filing and listing, transfer agent and investor relation fees. The increase is due to work carried out on new website design and the timing of certain investor relation related activities compared to the prior year comparable period.

#### ***Six Months ended June 30, 2022 (1H 2022)***

The Company realized a net loss in the first half (1H) of 2022 of \$1,225,770 (1H 2021 – net loss of \$ 1,935,890) mainly due to exploration activities, property acquisition activities and salaries, professional and consulting fees during the six months ended June 30, 2022.

The Company incurred \$543,475 in exploration and property acquisition expenditures in 1H 2022 (1H 2021 - \$1,643,317) in exploration activity on the SPJ property.

Salaries, professional and consulting fees in the first half of 2022 increased to \$256,726 (1H 2021 - \$159,255) The significant increase in 2022 is due to severance payments accrued and owing to a former CEO.

Shareholder communication expenses in the current six-month period totaled \$170,867 (1H 2020 – \$146,217) which included filing and listing, transfer agent and investor relation fees. The increase is due to additional shareholder and investor relation-related activities compared to the prior year.

### Summary of Quarterly Information (Expressed in Canadian dollars)

	Q2 2022	Q1 2022	Q4 2021	Q3 2021
<b>Statement of Loss and Comprehensive Loss</b>				
Exploration and property acquisition expenditures	\$ 346,505	\$ 196,970	\$ 338,958	\$ 269,774
Share-based payments	10,786	30,071	254,488	-

### Mineral Properties

#### SPJ Property

On February 15, 2021, the Company entered into an agreement to acquire a 100% interest in four claims (the "Claims") located on the Jovan property. This acquisition added 36 hectares to the Company's land position. Total consideration for the purchase of the mining claims was \$150,000, of which \$75,000 was paid in cash on the signing of the agreement and \$75,000 was paid in common shares of the Company based on the previous 5-day VWAP. In total 1,071,429 common shares were issued on April 21, 2021 with a fair value of \$0.07 cents each.

See details of cash and share payments in respect of the property acquisitions above and also in Note 10(a) to the Company's financial statements for the year ended December 31, 2021.

Please see pages 7 to 9, "Exploration Activities and Property Acquisitions and Dispositions", for detailed terms of the purchase consideration for the properties comprising the SPJ Property.

## **Liquidity and Capital Management**

---

Cash flow (used in)/provided by operating, investing and financing activities for the six months ended June 30, 2022 and 2021 was as follows:

	<b>2022</b>	<b>2021</b>
Net cash used in operating activities	\$ (842,897)	\$ (2,089,528)
Net cash provided by investing activities	-	503,579
Net cash used in financing activities	-	(5,421)
<b>Decrease in cash balance</b>	<b>\$ (842,897)</b>	<b>\$ (1,591,370)</b>

As of June 30, 2022, the Company had cash and cash equivalents of \$237,587 (December 31, 2021 – \$1,080,484) and a working capital deficit of \$46,094 (December 31, 2021, working capital surplus - \$1,066,086), respectively.

There were no changes in the Company's approach to capital management during the six months ended June 30, 2022.

In managing liquidity, the Company's primary objective is to ensure that it can continue as a going concern while raising additional funding to meet its obligations as they fall due. The Company's operations to date have been funded by issuing equity.

The Company's investment policy is to invest excess cash in very low-risk financial instruments such as term deposits or holding funds in high yield savings accounts with major Canadian banks. Financial instruments are exposed to certain financial risks, including currency risk, credit risk, liquidity risk and interest rate risk.

The Company's mineral property interests are all in the exploration stage. As such, the Company is dependent on external financing to fund its exploration activities and administrative costs. Management continues to assess the merits of mineral properties on an ongoing basis and may seek to acquire new properties or increase ownership interests if it believes there is sufficient geologic and economic potential.

Management mitigates the risk and uncertainty associated with raising additional capital in adverse economic or stock market conditions through cost control measures that minimize discretionary disbursements and reduces exploration expenditures that are deemed of limited strategic value.

The Company manages its capital structure (consisting of shareholders' equity or deficit) on an ongoing basis and makes adjustments in response to changes in economic or stock market conditions and its underlying assets' risk characteristics. Adjustments to the Company's capital structure may involve the issuance of new shares, debt, acquisition or disposition of assets, or adjustments to the amounts held in cash, cash equivalents and short-term investments.

The Company is not subject to any externally imposed capital requirements other than flow-through spending obligations.

## Related Party Transactions

---

The Board of Directors and the executive management team have authority and responsibility for planning, directing and controlling the Company's activities. The executive management team comprises the Company's: (i) President and Chief Executive Officer; and (ii) Chief Financial Officer. Compensation for key management personnel of the Company for the six months ended June 30, 2022 and 2021 was as follows:

	2022	2021
	\$	\$
Short-term benefits	128,750	135,000
Share-based payments	40,857	-
	169,607	135,000

At June 30, 2022, included in accounts payable and accrued liabilities is an amount of \$39,825 (December 31, 2021 - \$23,044) related to exploration and general and administrative charges to a company under common management and an amount of \$25,000 (December 31, 2021 - \$Nil) owing to previous CEO of the Company.

## Outstanding Share Data

---

MacDonald Mines is authorized to issue an unlimited number of common shares.

As of August 25, 2022 the date of this MD&A, the number of common shares outstanding or issuable under other outstanding securities of the Company was as follows:

Common Shares	Number
Outstanding	258,963,516
Issuable upon the exercise of share purchase warrants <sup>(1)</sup>	40,173,898
Issuable upon the exercise of stock options <sup>(2)</sup>	19,470,000
Issuable upon the exercise of compensation options <sup>(3)</sup>	4,342,730
Fully diluted common shares	322,950,144

(1) 40,173,898 common share purchase warrants were outstanding with exercise prices ranging from \$0.07 to \$0.20 per common share.

(2) There were 19,470,000 stock options under the Company's Stock Option Plan outstanding to directors, officers and consultants with exercise prices ranging from \$0.05 to \$0.13 per common share.

(3) There were 2,895,153 compensation options issued as finder's fees under a November 2021 private placement with an exercise price of \$0.05. Each compensation option consists of one common share and one half of one share purchase warrant.

## Critical Accounting Estimates

---

The preparation of financial statements in accordance with IFRS requires management to make judgements, estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of expenses during the reporting periods. Judgements, estimates and assumptions are continuously evaluated and are based on management's best knowledge of the relevant facts and circumstances, having regard to previous experience. However, actual outcomes may differ from the amounts included in the financial statements.

The Company's significant accounting policies and estimates are disclosed in Note 3 to the Company's condensed interim unaudited financial statements for the six months ended June 30, 2022 and 2021

### **New Accounting Standard Adopted by the Company**

---

Certain pronouncements have been issued by the IASB that are effective for annual periods beginning on or after January 1, 2021. The Company has assessed the amendments and determined that there is no material impact on the accounting and presentation of the financial statements.

Certain pronouncements have been issued by the IASB that are applicable for accounting periods after December 31, 2021. There are currently no pronouncements that are expected to have a significant impact on the Company's financial statements upon adoption.

### **Off-Balance Sheet Arrangements**

---

The Company has no off-balance sheet arrangements, including any arrangements that would affect liquidity, capital resources, market risk support, credit risk support, or other benefits.

### **Dividends**

---

The Company has neither declared nor paid any dividends on its common shares. The Company intends to retain its earnings, if any, to finance growth and expand its operations and does not anticipate paying any dividends on its common shares in the foreseeable future.

### **Internal Controls Over Financial Reporting**

---

The Company has established procedures and internal control systems to ensure the timely and accurate preparation of financial, management and other reports. The Chief Executive Officer and Chief Financial Officer certify financial reports. Disclosure controls are in place to ensure all reporting meets statutory reporting requirements. The Company's management is responsible for establishing and maintaining adequate internal controls. These controls have been designed to provide reasonable, but not absolute, assurance concerning the Company's financial reporting and the preparation of financial statements for external purposes in accordance with IFRS. Internal controls, however well-conceived, will provide only reasonable and not absolute assurance that the objectives of the internal controls over financial reporting will be met. It should not be expected that the internal controls would prevent all errors or fraud.

Due to the small size of the Company's finance department, there are a limited number of personnel handling accounting and financial matters, and as a result, there is a lack of segregation of duties. Management believes that it has designed sufficient compensating internal controls to mitigate these limitations, including dual signatories on all cheques. Additional internal controls include audit committee and senior management review and oversight.

### **Disclosure Controls and Procedures**

---

Disclosure controls and procedures are designed to provide reasonable, but not absolute, assurance that all material information is obtained, analyzed and reported to senior management on a timely basis for management to make reasonable public disclosure decisions.

The Company's certifying officers, the Chief Executive Officer and the Chief Financial Officer, have reviewed the effectiveness of the design and operation of the Company's disclosure controls and procedures. Based on their review, they have concluded that the Company's disclosure controls and procedures, as defined in National Instrument 52-109 (Certification of Disclosure in Issuers' Annual and Interim Filings of the Canadian Securities Regulators), were effective as of December 31, 2021. They provide reasonable assurance that information required to be disclosed in interim, annual and special filings are submitted under Canadian securities laws and are recorded, processed, summarized and reported in a timely fashion.

### **Other Information**

---

## **Cautionary Statement of Forward-Looking Information**

---

Forward-looking information is broadly defined as disclosures regarding possible events, conditions, or financial performance based on assumptions about future economic conditions and courses of action. It includes future-oriented financial information concerning future financial performance, financial position, or cash flows presented either as a forecast or a projection.

This MD&A contains forward-looking information and forward-looking statements, including statements relating to going concern and capital raising and capital requirements, subject to several known and unknown risks, uncertainties and other factors that may cause actual results to differ materially from those anticipated. In some cases, you can identify forward-looking statements by terminology such as "may", "should", "expects", "plans", "anticipates", "believes", "estimates", "predicts", "potential" or "continue" or the negative of these terms or other comparable terminology. These statements are only predictions and involve known and unknown risks, uncertainties and other factors that may cause the Company's or its industry's actual results, levels of activity, performance or achievements to be materially different from any future results, levels of activity, performance or achievements expressed or implied by these forward-looking statements. Factors that could cause such differences include changes in commodity prices, changes in equity markets, changes in costs and supply of materials relevant to the exploration and mine development, changes in governments, changes to government mining regulations, and numerous other risk factors.

Readers are cautioned not to place undue reliance on forward-looking statements contained within this document, which speak only to the date of this MD&A or as of the date otherwise specifically indicated herein. Due to risks and uncertainties, actual events may differ materially from stated expectations. Although the Company believes its expectations are reasonable, results may vary, and the Company cannot guarantee future results, levels of activity, performance or achievements.

Although the Company believes that the assumptions and factors used in preparing the forward-looking information in this MD&A are reasonable, undue reliance should not be placed on such information, which only applies as of the date of this MD&A. The Company disclaims any intention or obligation to update or revise any forward-looking information, whether as a result of new information, future events or otherwise, other than as required by law.
